NEWS OF KANSAS.

Good Templars to Make a Bitter War on Jointists.

The Presbyterian Synod of Kansas Meets at Salina.

OTHER STATE NEWS.

A McPherson Man Accidentally Shoots His Finger Off.

EMPORIA, Oct. 5.—A secret meeting was held in this city of the state executive committee of the order of Good Templars, at which it was decided to make bitter war throughout Kansas on all joint and joint keepers, and to demand of Governor Lewelling that the prohibitory law be enforced in cities where metropolitan police are, and that he remove police commissioners who fail to enforce the law. Rev. J. E. Underwood of Leavenworth was given this part of the work and will be backed by the full power of the order, financially and otherwise.

It was also decided to start a paper, to be the official organ of the order, and George F. Fullinwider of El Dorado was chosen to conduct it. It is strongly

hinted that should Governor Lewelling fail to comply with the demands of the order, that it will cost him and his party many votes in November.

KANSAS PRESBYTERIANS.

The Synod is Now in Session at Salina. SALINA, Oct. 5.—The Presbyterian synod of Kansas convened in the Presbyterian church of this city at 7:30 o'clock. Rev. A. B. Irwin of Highland, the retiring moderator, delivered the annual sermon, after which communion service was held. During this service the bread was administered by Rev. W. N. Page of Leavenworth, and the cup by Rev. Abram Steed of Belleville. Seven presbyteries are comprised in the Kansas synod, 353 churches, 211 ministers and 24,935 members. Every minister is entitled to a seat, and every church or charge is entitled to a lay delegate. Nearly 200 visitors are in attendance at this meeting.

College prayer meetings will be held daily in the Christian church, and at 6:30 p. m. daily a young people's meeting will take place. Leading ministers of the denomination in the state and several from abroad have places on the program and will be heard on various subjects. Home missions will be considered and addresses made by Mrs. F. H. Pierson and Rev. Wm. Phraner of New York.

DEATH IN A BURNING HOTEL.

Miss Dora Webb of Ottawa Loses Her Life at Pleasanton. PLEASANTON, Oct. 5.—The Kansas City hotel, a two-story frame building of this city, burned to the ground and in it was Miss Dora Webb, a young lady from Ottawa, Kan.

Mr. Miles Webb and family were moving from Ottawa to Pleasanton, where he will run a boot and shoe store, and he and his daughter had come in advance to complete all arrangements, and stopped at the hotel over night. There were several other guests in the house but all the others escaped by jumping out of the second story window.

Camburn Hadley, agent for the Santa Fe at Newton, Kan., was in the hotel and got his feet, hands and face badly blistered before he found his way to a window to jump out. His injuries are slight and he will soon recover.

The body of the young lady was taken from the ruins beyond recognition and buried here.

The hotel was insured for \$1,200. S. McGlothlin was owner and proprietor. Several other buildings were only saved from the flames by the heroic work of the firemen.

TWO BOYS BADLY HURT.

They Were Hiding Double and Were Thrown to the Ground. SALINA, Oct. 5.—Eddie and Ollie Wolfstetter, sons of Mr. Joe Wolfstetter, and aged respectively 12 and 8 years, while out riding, were thrown from the pony's back and badly hurt. The boys were riding "double" on Ninth street near the court house when their horse became frightened at a passing omnibus and threw both the boys heavily to the ground.

Eddie was picked up unconscious, without any broken bones, while Ollie had broken two bones of his arm just above the wrist. The older boy was in a delirious state, all night long, but his mind was clear this morning. He received quite a shock in the head.

SHOT HIS FINGER OFF.

A Man Living Near McPherson Pounds a Cartridge to Make It Fit. McPHERSON, Oct. 5.—Clarence Bonfield, who lives south of town, met with a sad accident Wednesday. He was listening to with close attention. Curtis in getting the cap to fit picked up the hammer and struck it a blow. The shell exploded, tearing his left forefinger off and almost blew his thumb off. He was brought to town that evening and placed under the care of Dr. Matchette.

CURTIS AT OVERBROOK.

He Speaks to a Tent Full of People There. OVERBROOK, Oct. 5.—The Hon. Charles Curtis delivered a grand speech at this place. The meeting was held in a tent, crowded with 600 to 800 people, and listened to with close attention. Curtis proved every statement he made by records and statistics. The Quenamo Republican glee club rendered fine music, appropriate to the occasion.

Dangled Between the Cars.

NEWTON, Oct. 5.—Will Repetto had a narrow escape from a horrible death yesterday afternoon. He attempted to board train No. 3 west bound in order to ride down to the switch, which must be turned after the train has left. Mr. Repetto in some way missed his footing and dangled between the Pullmans. He held on for dear life and finally succeeded in throwing himself from the train. He was badly scratched and bruised about the head, one knee and leg.

Small Fire at Emporia.

EMPORIA, Oct. 5.—Fire in the Hallberg building which was used as a ware-

room destroyed its entire contents and was with difficulty kept from spreading to adjoining buildings. A lot of household furniture belonging to Mrs. Brooks was burned.

An Old Settler Dead.

EMPORIA, Oct. 5.—Mr. David Copo died last evening at his home in Toledo, Kans. He was 79 years old last January and had been a resident of Lyon and adjoining counties for 27 years.

WORK OF A HURRICANE.

Towns Are Swept Away and Villages Destroyed by a Fearful Cyclone. SAN FRANCISCO, Oct. 5.—The steamer Gaelic brought the news of a severe hurricane which according to the Kobe Chronicle of September 11, caused widespread destruction. Villages were swept away and people killed. Many vessels are supposed to have been lost.

The cyclone swept on to the northeast after wrecking Nagasaki. Its path seems to have been unusually wide, for at Marinopol, it devastated the country to a point eleven miles inland and had its outer edge far upon the sea. Marinopol was practically blotted out of existence. Not three houses in a hundred are left standing. It is estimated that over 200 persons perished in this town alone. North of Marinopol the storm seems to have made

a sudden turn to the eastward over Delaga Point, its left edge inflicting slight damage on the town of Berdionski. Houses were unroofed and a dozen persons were killed by falling timbers. Once at sea the storm made its fury felt.

THINK JAPAN WILL WIN.

Officers of the Province of Macao Believe China is Downed. SAN FRANCISCO, Oct. 5.—Dr. Mariquez D'Oliveira, chief justice of the Portuguese province of Macao, South China, and Dr. J. Gomes da Silva, chief surgeon and head of the health department of the same province, were among the arrivals on the steamer Gaelic.

Speaking of the war between Japan and China, the two officials expressed the belief that Japan would administer a severe drubbing to her sister nation and predicted as a result that China would see a bitter internal revolution and be divided up into two or three separate and distinct kingdoms. "China is not prepared for war," said Dr. D'Oliveira. "She has no troops worthy of the name. A great bulk of the men who compose China's army are coolies of the lowest stratum of human intelligence, who are poorly paid and poorly fed and who only go to war on assurance that there will be no fighting. It is no wonder the men have run away

from the enemy at the first sign of hostilities.

"Japan will prove the victor in the existing hostilities and then there will be bloodshed in China. Their present government has not a too strong hold on the people. They are now on the verge of rising en masse and establishing a new government. There will be no less than two or three distinct kingdoms in China before the war with Japan has progressed much farther."
